- CGPA : 9.5

Intermediate MPC
Narayana Junior college

📅 June 2019 - March 2021   📍 Vijayawada, Andhra Pradesh

- Marks : 949/1000

Xth Standard SSC
Narayana E-techno Schools

📅 June 2018-March 2019   📍 Chirala Andhra Pradesh

- CGPA : 9.3

TECHNICAL SKILLS

`HTML` `CSS` `JavaScript` `React JS` `MySQL`
`Java` `Python` `DSA` `Flutter` `Spring Boot`
`OOPS` `Django Framework`

TOOLS

`VSCode` `Figma` `Postman` `Git`

SOFT SKILLS

`Communication Skills` `Collaboration and Teamwork`

`Self Learning` `Problem Solving Skills`

GLOBAL CERTIFICATIONS

- AWS Cloud Practitioner
- Java
- Python

PROJECTS

Food and Hospitality Management System

- **Role:** Full Stack Developer
- **Skills Acquired:** Django, React JS, Mysql, GitHub
- **Description:** Developed a food and hospitality management system with role-based access, recipe search with tutorials, dynamic cart, and real-time restaurant navigation via map integration.

Automobile Management System

- **Role:** Back End Developer
- **Skills Acquired:** Java, Spring Boot, MySQL, GitHub , Kafka
- **Description:** Developed a scalable web-based platform for managing automobile dealerships and service centers, encompassing user and admin modules for efficient inventory management, data handling, and service request processing.

Meet and Chat Application

- **Role:** Full Stack Developer
- **Skills Acquired:** Django, Zego Cloud, JavaScript, MySQL, GitHub
- **Description:** Developed a real-time video conferencing and chat application with integrated user authentication, using Zego Cloud API for seamless video communication and Django for backend logic and database management.

ChatMate - Full Stack Chat Application

- **Role:** Full Stack Developer
- **Skills Acquired:** Spring Boot, Flutter, MySQL, Kafka
- **Description:** Developed a robust chat platform with real-time messaging, audio/video calls, call history, profile customization, and user authentication. Added features for chat personalization and account management, delivering a seamless WhatsApp-like experience.

INTERNSHIP

Python Intern
Skaeo (Skyo India Private Limited)

📅 Feb 2025 – Apr 2025   📍 Remote

- Worked on backend development of the MyRollCall Pro product
- Built microservices using Python with Flask and FastAPI for features like file metadata CRUD, text search within files, and key-value management.
- Integrated WhatsApp Business API for sending custom template messages and capturing replies via Python and implemented SonarQube for static code analysis and maintained code quality standards. Also worked with Docker for containerization, Redis for caching, and Elasticsearch for full-text search capabilities.
- Developed CSV export functionality for reports and data pipelines and conducted api testing and automation using postman.
